# Simple Analytics

Install Simple Analytics on Squarespace

You can embed our script in Squarespace using their feature called "Code Injection". On this page we will explain how to use this feature and help you installing the Simple Analytics script on Squarespace.
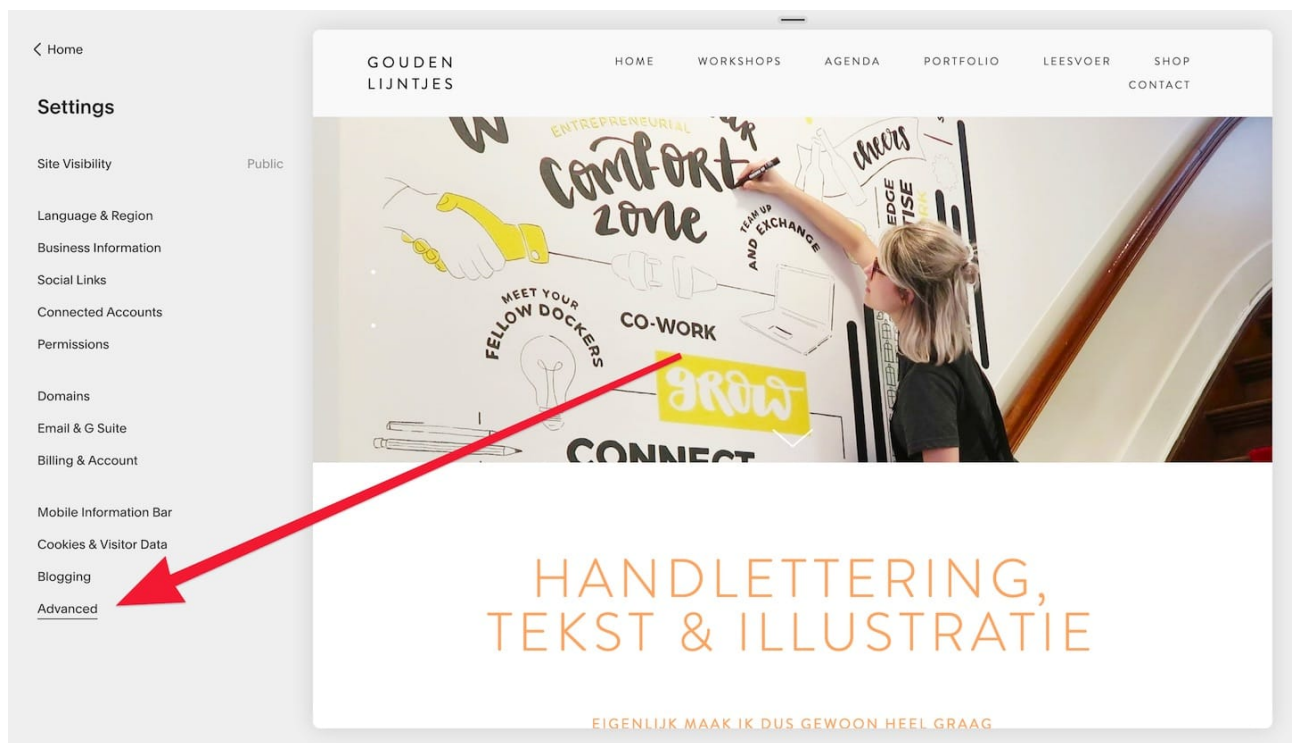

Code Injection is only available for Squarespace sites with a Business or Commerce plan

Follow these steps to add Simple Analytics to your website:

1. Go to [your account on Squarespace](#).

2. Click on the website you want to edit.

3. Click on **Settings** in the sidebar menu:

4. Next click on **Advanced** in the same sidebar menu:

5. Next click on **Code Injection** in the same sidebar menu:

6. Paste the embed code from how to add our script into the **footer** text input field:

7. Click on **save** and you are done:

Read more on using Code Injection in the [Squarespace docs](#).

If you encounter issues, don't hesitate to contact us via [our support channels](#).
